

UNZONED

Meaning: Unzoned refers to an area or property that is not designated for a specific use or regulated by zoning laws, allowing for diverse activities and developments.

1. The unzoned area allowed for a variety of businesses to flourish without strict regulations.
2. Her unzoned property gave her the freedom to build whatever she envisioned without needing permits.
3. In the unzoned region, landowners could develop their properties in ways that suited their needs best.
4. Urban planners often face challenges when dealing with unzoned areas that lack clear guidelines.
5. The unzoned land became a hotspot for innovative projects that didn't fit into traditional categories.
