

# UPBREATHE

*Meaning: Upbreathe: to cause to rise or sway gently, often in a manner that suggests vitality or renewal, as if lifting or invigorating.*

1. The gentle breeze seemed to upbreathe the flowers, making them sway gracefully.
2. As the sun rose higher in the sky, the mountain air felt invigorating and full of life, almost as if it was upbreathing the earth itself.
3. In moments of meditation, she imagined her worries being upbreathed into the atmosphere, leaving her calm and centered.
4. The upbreathe of the ocean waves created a soothing rhythm that lulled the beachgoers into a state of relaxation.
5. With every deep breath, he felt the energy of the universe upbreathe within him, filling him with renewed purpose.
