

VERDIT

Meaning: Verdict: a formal decision or judgment made by a jury or judge in a legal case.

1. The jury reached a unanimous verdict after hours of deliberation.
2. In a surprising twist, the judge overturned the initial verdict and called for a retrial.
3. His emotional response to the verdict was a clear indication of how much the case meant to him.
4. The verdict not only affected the defendant but also had a profound impact on the entire community.
5. After the verdict was announced, there was a palpable tension in the courtroom.
