

VIOLIST

Meaning: A violist is a musician who plays the viola, a string instrument larger than a violin and tuned an octave lower.

1. The violist skillfully navigated the complex musical score during the performance.
2. In the chamber ensemble, the violist added a rich, warm tone that complemented the other instruments.
3. After years of practice, she finally earned her place as the principal violist in the orchestra.
4. At the competition, the young violist impressed the judges with her expressive interpretation of the piece.
5. Known for her innovative techniques, the violist pushed the boundaries of traditional playing styles.
