

VISIBILITY

Meaning: Visibility refers to the degree to which something can be seen or understood, often influenced by conditions such as weather or clarity of communication.

1. The fog reduced visibility to just a few meters, making driving treacherous.
2. In the meeting, her clear explanations greatly improved the visibility of the project's goals.
3. Visibility on social media is crucial for businesses looking to attract new customers.
4. To ensure safety, the team installed new lights to enhance visibility on the darkened path.
5. The bright colors of the sunset provided stunning visibility over the entire landscape.
