

VOIVODE

Meaning: A voivode is a historical title for a military leader or governor in certain Slavic regions, particularly in medieval Poland, who held significant authority over a province.

1. The voivode ruled over the region with both authority and respect.
2. In medieval Poland, a voivode was often the highest military leader in the province.
3. The voivode's court was a hub of cultural activity, attracting poets and artists.
4. After the fall of the kingdom, the title of voivode became a symbol of lost power.
5. Historians often debate the impact of the voivode's decisions on the region's development.
