

VOLUTA

Meaning: Voluta: a spiral or scroll-like ornament, typically found in classical architecture and design, often adorning columns or decorative elements.

1. The intricate design of the voluta adds elegance to the classical column.
2. The archaeologist discovered a beautifully preserved voluta in the ancient ruins.
3. As the shell of the mollusk unfurled, its voluta revealed a stunning array of colors.
4. Architects often incorporate voluta motifs to enhance the aesthetic appeal of their buildings.
5. In art history, the voluta is often associated with the baroque style, symbolizing movement and dynamism.
