

VYCE

Meaning: 'Vyce' refers to a physical object or tool that embodies a conflict or struggle, often representing temptation or moral dilemmas, as well as a device that holds or supports something, such as a chair.

1. The artist's latest creation featured a vyce that symbolized the struggle between temptation and virtue.
2. In the dimly lit room, the vyce of the chair creaked ominously as he leaned back to ponder his decision.
3. She felt the vyce tightening around her heart as she faced the consequences of her choices.
4. The story explored how a person's vyce could ultimately lead to their downfall despite their initial good intentions.
5. With each passing day, his vyce grew stronger, tempting him to abandon his long-held principles.
