

WADDLER

Meaning: A waddler is an animal or person that moves with a clumsy, unsteady gait, often characterized by a side-to-side motion.

1. The waddler moved clumsily across the icy surface, its tiny feet slipping with each step.
2. Children giggled as they watched the waddler try to navigate the uneven terrain of the playground.
3. In the early morning light, a waddler emerged from the bushes, searching for food near the pond.
4. The waddler's playful antics brought joy to everyone who gathered to observe its quirky behavior.
5. As the waddler waddled closer, its fluffy feathers ruffled in the gentle breeze, capturing our attention.
