

WASHINESS

Meaning: Washiness refers to the quality of being thin, diluted, or lacking in opacity, often resulting in a soft or blended appearance.

1. The washiness of the paint made the colors blend together, resulting in a softer overall effect.
2. Despite its washiness, the fabric felt luxurious against the skin and draped beautifully.
3. Her voice had a washiness that gave it a unique charm, making her sound both soothing and approachable.
4. The dish had an unfortunate washiness, lacking the bold flavors we had hoped for.
5. In the early morning light, the landscape took on a washiness that made it look almost dreamlike.
