

WATCHHOUSE

Meaning: A watchhouse is a building, often located near the sea, used for observation and shelter, particularly by lighthouse keepers.

1. The old watchhouse stood on the cliff, overlooking the turbulent sea.
2. During the storm, the lighthouse keeper took shelter in the watchhouse.
3. Historically, the watchhouse served as a lookout point for incoming ships.
4. We found the watchhouse abandoned, but remnants of its past were still visible.
5. The coastal community restored the watchhouse as a historical landmark for tourists.
