

# WAYBILL

*Meaning: A waybill is a document that details the shipment of goods, including information about the sender, receiver, and contents of the shipment.*

1. The courier handed over the waybill to confirm the shipment details.
2. Before loading the cargo, the driver double-checked the waybill for accuracy.
3. Each package was labeled with a unique waybill number for tracking purposes.
4. The freight company issued a waybill that outlined the terms of delivery.
5. To ensure smooth customs clearance, the waybill included a detailed description of the goods.
