

WETBIRD

Meaning: Wetbird: a bird that is damp or soaked, often due to rain, which may display vibrant feathers and engage in cheerful behavior.

1. The wetbird flitted from branch to branch, its feathers glistening with raindrops.
2. After the storm, the wetbird sang a cheerful tune, brightening the dreary afternoon.
3. I spotted a wetbird perched on the fence, shaking off water from its plumage.
4. The vibrant colors of the wetbird contrasted beautifully with the gray sky.
5. As the wetbird took flight, it left a trail of shimmering droplets in the sunlight.
