

WHAUP

Meaning: WHAUP (noun): a term for a curlew, particularly known for its distinctive call and graceful flight, often found in upland areas.

1. The whaup flew gracefully above the rolling hills, its call echoing through the valley.
2. As the sun set, the whaup's distinctive cry pierced the tranquil evening air.
3. Farmers often paused their work to admire the elegant flight of the whaup overhead.
4. In Scottish folklore, the whaup is sometimes seen as a symbol of good fortune.
5. The whaup's nesting habits are fascinating, often choosing remote and rugged locations.
