

# WHEELHOUSE

*Meaning: WHEELHOUSE: A space or area where a person operates a vehicle or vessel, particularly a ship's steering area, or a metaphorical domain of expertise or skill.*

1. The captain stood confidently in the wheelhouse as they navigated through the fog.
2. Her expertise in data analysis was well within her professional wheelhouse, making her the perfect candidate for the project.
3. The old fishing boat's wheelhouse was cramped but offered a stunning view of the open sea.
4. Understanding the complexities of international law was not in his wheelhouse, so he sought help from a specialist.
5. After years of experience, he felt at home in the wheelhouse, guiding the vessel through challenging waters.
