

WHIPPING

Meaning: Whipping refers to the act of beating or stirring a substance vigorously, often to incorporate air and achieve a light, fluffy texture, or to move swiftly and forcefully through an area.

1. The chef was whipping the cream until it reached the perfect consistency.
2. She felt a surge of adrenaline as the wind whipped through her hair during the race.
3. The teacher gave a passionate lecture on the dangers of corporal punishment, emphasizing that whipping is never acceptable.
4. He watched as the storm clouds gathered, whipping the trees into a frenzy.
5. The athlete was in peak form, whipping past his competitors with ease.
