

WILLOWER

Meaning: A willower is a type of tree, specifically a willow, characterized by its long, slender branches and graceful, drooping foliage.

1. The weeping willower danced gracefully in the breeze by the riverbank.
2. As the sun set, the willower cast long shadows across the tranquil water.
3. In spring, the willower's delicate leaves provided a perfect backdrop for the blooming flowers.
4. Children often played hide-and-seek under the expansive branches of the old willower.
5. The artist captured the essence of the willower in her stunning landscape painting.
