

# WISDOM

*Meaning: Wisdom is the ability to make sound judgments and decisions based on knowledge, experience, and insight.*

1. Wisdom often comes from experience, teaching us lessons that knowledge alone cannot provide.
2. The old man's eyes sparkled with wisdom as he shared stories of his youth with the eager children.
3. In times of uncertainty, it is wisdom that guides us to make thoughtful and informed decisions.
4. She sought the wisdom of her grandmother, knowing that her insights would offer guidance in a difficult situation.
5. True wisdom lies in understanding the limits of one's own knowledge and being open to new ideas.
