

WITAN

Meaning: Witan: an advisory council of nobles and clergy in Anglo-Saxon England that provided counsel to the king on governance and legal matters.

1. The Witan served as an assembly that advised the Anglo-Saxon kings on important matters.
2. In early medieval England, the Witan was crucial in shaping laws and policies.
3. During the reign of King Alfred, the Witan played a significant role in military decisions.
4. Members of the Witan were typically the most powerful nobles and clergy of the kingdom.
5. The decisions made by the Witan often reflected the consensus of the community it represented.
