

ZEPHYR

Meaning: Zephyr: a soft, gentle breeze.

1. A gentle zephyr swept through the open window, bringing the scent of blooming flowers.
2. The zephyr rustled the leaves, creating a soothing melody in the warm afternoon air.
3. As the sun set, a soft zephyr danced across the water, casting ripples that shimmered in the fading light.
4. The poet described the zephyr as a tender kiss from nature, refreshing and uplifting.
5. In spring, a zephyr often heralds the arrival of warmer days filled with possibilities.
