

# ZEUGMA

*Meaning: Zeugma is a rhetorical device in which a single word, often a verb, governs or modifies two or more words, typically in a way that creates a surprising or clever connection between them.*

1. The use of zeugma in his speech added a clever twist, linking unrelated ideas with a single verb.
2. In literature, zeugma creates a surprising effect, as in the phrase "He stole her heart and her wallet."
3. The poet's zeugma deftly combined emotions and actions, revealing the complexity of love and loss.
4. In her essay, she explored how zeugma can enhance imagery and deepen meaning in prose.
5. The zeugma in the sentence made it memorable, showcasing the author's skill at wordplay.
