

ZOPHILIST

Meaning: ZOPHILIST: A person who is sexually attracted to animals, often engaging in controversial discussions about ethics and animal rights.

1. The term 'zophile' often evokes strong reactions, as it refers to individuals who are sexually attracted to animals.
2. In discussions about ethics and animal rights, zophilists challenge societal norms and provoke intense debates.
3. While some zophilists argue for their feelings as a form of love, many advocate for the protection of animals from exploitation.
4. Legal frameworks in many countries do not recognize zophilism, leading to criminal charges against those who act on such attractions.
5. The psychological motivations behind zophilism remain a controversial topic in both clinical and philosophical circles.
